Togo Mission Update

VOL. 3 No. 3

MAY NEWS

Film Projection and New Field

We provided a generator, and God provided a film projector for the “Jesus” film projection in the villages at the North of Togo. Tchalosso is a village about

30 km from our church at Sabaringadé. There is no school or church in this village. Children cross a river to go to school so in the rainy season they can not attend school. It is their first time to hear

about Jesus through the projection. We pray for continued open opportunities to gather people and share the Gospel in this village. We also pray to have another projector and generator for use in the South and the Center of Togo.

Land provided

We thank God for his provision. The land at Anié holds a temporary structure built for the church. By the grace of God, we purchased the land for the church. Now the church can move ahead with plans for a permanent structure. Anié is at the center of Togo. The second church, in the same area, is the church of Ibéfo village, 25 km from Anié.

Building progress

We continue to be amazed and excited about the progress at each of the churches.

At **Labide**, the walls have been plastered, the floor of the church has been cemented, and we finished building the platform. Thank you for your help.

At **Sabaringadé** and **Doussidé** we pray to buy cement for the floor to plaster the walls. For the two buildings we need 100 packages of cement (\$10 for one package). Continue to pray with us for God's provision to finish these two buildings.

At **Sewouvé**, in the South, more cement is needed as the making of cement bricks has begun. This is an exciting step as we hope to help build the walls during our upcoming trip to Togo.

At **Botcholéo** funds are needed for the land purchase. The chief has granted permission to purchase 8 squares of land at a discount price of \$800 for all. This is a tremendous discount and we praise God.

At **Tchaourodé**, we thank God for finishing the small structure for the church. This is the newest church plant.

We continue to praise God for the many church members who have come out to work on each of the church buildings.

Looking for a guest speaker or have a group that wants to hear more about missions? Call 716-969-6671 or email elienenonene2018@gmail.com today to schedule this couple for a visit.

Meet the MEDiC Family

Because the field is vast, but workers are few, we thank God for bringing some people for His ministry.

Francis is the pastor of Anié and Ibéfo churches. Francis comes from a family which practices voodoo. He has sacrificed much for the ministry. We praise God we were able to provide a motorcycle to him for the ministry. He is married and father of 3 children. We thank God for his life.

Dominique is one of our leaders at Labidé. He is very active in the ministry and continuous to make progress. He has begun to gather people in a new village called Tchalo. He is married and father of 1 child.

We continue to pray for more godly men and women to join the MEDiC family in sharing the gospel of Jesus Christ.

Attention Youth Groups

Want to take part in helping the ministry? One easy idea is to collect recyclable cans and bottles and donate the funds to help us purchase rice and other food for the blind school. Would you consider helping us today?

Cans + bottles = Rice

T-shirt needs

We would like to purchase 150 t-shirts to take to Togo for the children in the villages that come to church. Something as simple as a new t-shirt can be a precious gift to a child in the village. Would you consider donating \$10 or \$25 to help us purchase just a few t-shirts?

A Spared Life

Donga a 15 years old girl and member of Sabaringadé church, was orphaned a year ago along with her brother Kpakai and younger sister. One day she was climbing a tree, to obtain small seeds to sell in the market, when the whole tree crashed to the ground.

Donga fell from tree and broke her upper leg. We praise God that He spared her life. We thank God for the funds for the needed surgery to twist her bones back into place. Today she is recovering at home in the village. We pray she will quickly be able to walk and continue her schooling. Please keep her in your prayers, along with her brother and sister, as the church takes care of these orphaned teens.

Travel Note: We praise God for using so many people to encourage us in the ministry. We are planning for a short term trip to Togo this August. We are making lists of items to take such as a portable projectors, t-shirts, and other ministry items. We will be planning celebrations at each of the new churches, and organizing seminars for the men and women. We also plan to hold some fun children's ministry. We estimate the cost of this trip and supplies to be \$10,000. If you would like to help with the costs please let us know. We are grateful for your prayers and financial support as we continue to *Share, Build, and Send*.

Prayer Warrior Corner

- **Praise** for the spared life of Donga
- **Praise** for the new generator and projector for the film projection project and all those who came to watch the film
- **Praise** for the progress at each church
- **Praise** for each of the MEDiC leaders
- Pray for funds necessary to complete these church building projects
- Pray for Donga as she heals and regains strength in her leg
- Pray for the costs of our trip to Togo
- Pray for funds to purchase land at Botcholéo
